# INAUGURAL ADDRESS

BY ROBERT W. WATSON, *Mayor*

*Gentlemen of the Council:*

The year 1957 has been a year of improvements and accomplishments for the City of Rochester. Among the many projects we have started and completed, have been the McClelland School—one of the most modern elementary schools in the state, which was dedicated last September and has relieved congested conditions in the elementary schools throughout Rochester; the Congress Street Parking Lot which was started in 1955; as well as the footbridge on Dewey Street and the sidewalk through Hanson Pines—this matter having been tossed around for some thirty years. Highland Street in East Rochester, a section of U. S. Route 202, which has been in deplorable condition for some time, and South Main Street, one of the connecting links with Route 16, have been resurfaced. The year 1957 has also seen the rebuilding and resurfacing of Union Street, as well as many other streets throughout the city.

The authorization of a new fire truck to be added to our Fire Department will make that department one of the finest in the state. And our Police Department is very ably run by our three-man Commission.

In 1958, as in the past, our main concern will be to conduct City affairs to the best advantage of all who reside here. Our readjustment of property valuations is nearly completed. This will tend to distribute the taxes more evenly over the entire population of the city.

In continuing our progress in the Public Works Department, inadequate water mains should be replaced. Our paving and street building program should be continued and some modernizing should be done in this department.

Sewerage disposal is another problem that is knocking on our door and will soon require our attention.

Our schools continue to be our major problem. Spaulding High School is now filled to capacity, and with the ever-increasing school population, this matter will need attention in the near future. Also, teachers are becoming more and more difficult to obtain, due to more attractive salaries in other areas.

Our Recreation Committee has accomplished a great deal in the past year, and I feel that this program should be expanded in some areas.

The City of Rochester needs industry, and I believe that with a functioning Industrial Committee, Planning Board and a full-time Planning Director, much can be gained in this direction.

In conclusion, my thanks go to the 1957 Council, whose help and cooperation have been greatly appreciated. I'm sure that with the help of the new Council, many things can be accomplished which will benefit our city in the next two years.

Passed January 2, 1958.

---

## RESOLUTION PENDING PASSAGE OF ANNUAL APPROPRIATION

*Be it resolved by the Mayor and City Council of the City of Rochester:* That pending the passage of the annual appropriation measure for the fiscal year 1958, the Mayor be and is hereby authorized and empowered to validate orders on the City Treasurer for all duly approved and properly classified claims for operating expenses of the City of Rochester or any of its municipal subdivisions.

Passed January 2, 1958.

---

## RESOLUTION TO PROVIDE FOR URBAN PLANNING

*Be it resolved by the Mayor and City Council of the City of Rochester:* That the sum of Five Thousand (\$5,000.00) Dollars be added to the 1958 City of Rochester Budget to provide for Urban Planning in said City of Rochester.

Passed February 4, 1958.

---

## RESOLUTION ON COST-OF-LIVING WAGE INCREASE

*Be it resolved by the Mayor and City Council of the City of Rochester:* That the weekly wage or salary of each full-time employee of the City in the departments of Administration, Public Buildings, Fire, Public Welfare, Building Inspection and Public Works, be and is hereby increased by adding a three and one-half per cent ( $3\frac{1}{2}\%$ ) cost-of-living wage increase to the sum to which he is entitled under the General Ordinances, as amended, or existing pay schedules, for the current year, 1958: and

*Be it further resolved,* that the above increase be retro-active to January 1, 1958.

Passed February 4, 1958.

### RESOLUTION TO PURCHASE TRUCK FOR PUBLIC WORKS DEPARTMENT

*Be it resolved by the Mayor and City Council of the City of Rochester:* That the Finance Committee be and is hereby authorized to raise eight thousand six hundred and twenty-two (\$8,622.00) Dollars, upon such terms as they may deem to be for the best interest of the City, for the purchase of a Mack truck and body and for the installation of same, for the Public Works Department; and

That the said equipment be purchased by a joint committee, composed of the Public Works and Purchasing Committees.

Passed February 4, 1958.

---

### RESOLUTION TO PURCHASE SNOW LOADER

*Be it resolved by the Mayor and City Council of the City of Rochester:* That the Finance Committee be and is hereby authorized to raise One Thousand Four Hundred (\$1,400.00) Dollars, upon such terms as they may deem to be for the best interest of the City, for the purchase of a snow loader for the Public Works Department; and

That the said equipment be purchased by a joint committee, composed of the Public Works and Purchasing Committees.

Passed March 4, 1958.

---

### AMENDMENT TO THE TRAFFIC ORDINANCES RELATIVE TO THE SPAULDING HIGH SCHOOL DRIVEWAY

*Be it ordained by the Mayor and City Council of the City of Rochester:* That Section 23 of Chapter XVI of the 1952 General Ordinances of the City of Rochester, as amended, be further amended by adding at the end of Section 23 the following new section:

No parking on the easterly side of the Chestnut Hill Road from the Spaulding High School Drive, to a point one hundred and fifty (150') feet southerly of said drive from 8 A. M. to 4 P. M., Monday through Friday.

Passed March 4, 1958.

---

### AMENDMENT TO THE TRAFFIC ORDINANCES RELATIVE TO PINE STREET

*Be it ordained by the Mayor and City Council of the City of Rochester:* That Section 23 of Chapter XVI of the City of Rochester Ordinances, 1952, edition as amended, be further amended by striking out that section of line nine (9) and ten (10) which read as follows: viz.

"Northerly side of Pine Street between a point three hundred eighty (380') feet westerly from North Main Street and North Main Street," and inserting in the place thereof:

"Northerly side of Pine Street between a point one hundred

sixty (60') feet westerly from North Main Street and North Main Street."

That the remainder of said Section 23 remain unchanged.  
Passed March 4, 1958.

---

#### RESOLUTION RELATIVE TO CHURCH OF THE REDEEMER PARKING LOT

Whereas: The Church of the Redeemer of Rochester, a religious organization, situate in Rochester, has made every endeavor to fulfill paragraph D, of a resolution authorizing sale of the old High School lot on Wakefield Street in Rochester, which was unanimously voted in the affirmative at the special October 1957 meeting of the Rochester City Council—and

Whereas: The Hubbard Shoe Company, Inc., a corporation with a place of business in Rochester, has not taken advantage of the consideration of the Rochester City Council and the Church of the Redeemer in the original resolution in the agreeable signing of an agreement regulating the use of the existing parking lot—and

Whereas: The Church of the Redeemer has acted in good faith to execute such an agreement, and now finds that it must conclude the purchase of the Old High School lot to comply with its church canons regulating construction on property—

*Be it resolved:* That Section D of said resolution be removed at this time by vote of Council with the knowledge and understanding that the Church of the Redeemer shall make the parking lot available for public use with or without an agreement, as has been its intent and consideration.

Passed March 4, 1958.

---

---

#### AMENDMENT TO THE ORDINANCES ON FEES FOR PARKING VIOLATIONS

*Be it ordained by the Mayor and City Council of the City of Rochester:* That Section 13 of Chapter XVI of the City of Rochester Ordinances, 1952 edition as amended, be further amended by striking out the whole thereof and substituting therefor the following new section:

Section 13. Any person, firm or corporation who shall violate or permit or allow anyone to violate any of the provisions of this Ordinance, other than Sections 9 and 10, shall for the first, second and third offenses in any calendar year be fined twenty-five (\$.25) cents, to be paid to the Chief of Police within forty-eight hours of such violation. Any person, firm or corporation failing to pay said fine within the prescribed forty-eight hours shall be fined One (\$1.00) Dollar for each violation, and for any offenses exceeding three in any one calendar year not more than Twenty (\$20.00) Dollars upon conviction in Municipal Court. Nothing in this Section shall prevent any person from being heard in court in lieu of the payment to the Chief of Police provided for herein, for the first three offenses in one calendar year. The Chief of Police shall account monthly to the City Treasurer for all moneys collected under this section.

Passed May 6, 1958.

---

#### RESOLUTION FOR A LIAISON COMMITTEE

*Be it resolved* that the Mayor shall, within two weeks time, name a Committee of five from this Council to serve as a Liaison Committee with the School Board, with the following objectives:

1. To communicate to the School Board the various suggestions that have been or may be made to the members of the Council by parents and teachers.

2. To study and evaluate with the School Board the alternatives relative to the forthcoming needs for a Junior High School.

3. To attend all meetings of the School Board in order that the Council may better appreciate the problems faced by the Board.

4. To report to the Council the accomplishment of the School Board.

5. To arrange, as the need may arise, for public meetings

where parents may discuss education and thereby provide opportunity for the Board and School Administrators to explain their programs to the public.

Passed May 6, 1958.

---

# ACCOUNTANT'S REPORT

*To the Honorable Mayor and City Council*

Gentlemen:

In accordance with the provisions of the City Ordinances, I have examined the financial accounts of the City of Rochester and the results of the budget operations for the year ended December 31, 1958. Various audits, spot-checks and investigations have been made throughout the past year as a check on the functioning of our internal control system. All disbursements from City funds are examined each week throughout the year before such expenditures are made by the City Treasurer.

The Funded Debt at December 31, 1958, shows a \$48,873.06 decrease over 1957 which is accounted for as follows:

Issued:		
General Fund .....		\$67,844.00
Retired:		
General Fund .....	\$89,155.64	
Water Fund .....	27,561.42	
		<u>\$116,717.06</u>
Decrease in Funded Debt .....		\$48,873.06

The General Fund Revenue Surplus Account at the end of 1958 is \$36,145.53, an increase of \$15,870.05 over 1957. The entries causing this increase are as follows:

Increases:		
Sewer Construction .....	\$407.01	
Appropriations Unexpended .....	856.00	
1958 Budget Surplus .....	22,014.79	
Federal Aid—Schools .....	17,722.95	
		<u>\$41,000.75</u>
Decreases:		
1958 Budget .....	\$7,500.00	
Federal Aid—Schools .....	17,600.00	
Adjustment of Tax Accounts .....	30.70	
		<u>\$25,130.70</u>
Increase in Revenue Surplus .....		<u>\$15,870.05</u>

The Rochester Water Works Revenue Surplus on December 31, 1958, showed a decrease of \$9,521.11 compared to a surplus of \$163,386.96 in 1957.

It is my opinion that the accompanying financial statements represent fairly the condition of the City of Rochester on December 31, 1958, together with the results of operations for the year ended on that date.

Respectfully submitted,

FREDERICK M. STEADMAN,  
City Accountant.

# REPORT OF THE DEPARTMENT OF PUBLIC WORKS

---

*To the Honorable Mayor and City Council of the City of Rochester, New Hampshire:*

Gentlemen:

I submit herewith my report of the Public Works Department for the year ending December 31, 1958.

January was a rough month from the standpoint of storms and ice conditions. From January 8th when we had 15 inches of snow, through March 4th it was necessary to work every day on snow removal, either plowing or removing snow from the business district. We patched a part of each of the next seven days and on the 15th of March there was another snowfall of 16 inches of wet snow. On the 20th the crews were out at midnight and plowed through the blizzard of the 20th and 21st. The last storm we had to plow in the Spring was on April 2nd. We had snow again on December 4th and the 15th and part of eight days were spent salting and sanding the highways.

We have hauled gravel onto nearly all of our gravel roads this year and our Grader has made several trips over them to keep the roads in as good condition as possible. A part of the year it was necessary for our Grader to work on Saturday to keep up with this work.

Several times during the season we interrupted our usual operations to mix and stockpile patch material and considerable time each month was spent with one or more patching crews on our streets and roads to keep them as free from holes as possible.

Our streets and roads were given an application of asphalt as required to keep them in good condition. Also, North Main Street from Strafford Square to the junction of Ten Rod Road and Farmington Road was resurfaced with Hot Top using Town Road Aid "B" Funds. Liberty Street was resurfaced with this same material using City Funds. Both of these sections should remain in good condition for years to come without further treatment.

The middle of June it was necessary to call in a crew on Saturday to work on trees damaged by high winds. We have carried on the usual spraying operations in connection with our Shade Trees under the supervision of our Tree Warden, F. Bruce Tasker. We have found it necessary to take down several of our large trees this year due to wind damage and a very few diseased trees. A quantity of Shade Trees have been ordered for Spring delivery and these will be set out to replace trees that have been removed during the past years as well as a few isolated locations where trees should be set out. We have also continued our program of cutting bushes on our country roads.

A quantity of Street Signs were ordered and nearly all of them were installed during the latter part of the year. Streets

leading off our main highways now have Street Signs.

We have cleaned our Surface Drains and installed additional surface drainage on Allen Street, Harding Street, Preston Street, Richardson Street, Russell Street, Brock Street and Washington Street.

The Chestnut Hill Road was rebuilt, widened and shaped up to give the proper drainage and surface treated early in the season and the second coat of asphalt was applied in the Fall. This completes this road to the Farmington line with a black top surface. Also, we have built a section of the Blackwater Road this year. Work on both of these roads was done under the Town Road Aid "A" program.

Spring Clean-Up week was conducted as usual and we have extended our rubbish routes as petitioned for during the year. We have, also, kept a stockpile of cover for our dump.

We have constructed and surfaced over a mile of sidewalk on Brock Street and Washington Street leading to the McClelland School and have laid sidewalks as petitioned for. Also, we have repaired sidewalks as required during the year.

The Water Division raised the gate boxes and manholes in connection with the resurfacing of North Main and Liberty Streets. The 2-inch Galvanized main on Gagne Street was relaid with 606 feet of 6-inch Cement Lined Cast Iron Pipe. Water Main extensions have been laid on Wadleigh Road, Russell Street, Riverside Drive, Paradis Drive, Howe Street, Elizabeth Street, Oak Street and Towle Street, Gonic, as well as on Park Street and Florence Drive using 2,632 feet of 6-inch Cement Lined Cast Iron Pipe and 300 feet of 10-inch Cement Lined Cast Iron Pipe was laid on Linscott Court.

Sanitary Sewer Mains have been extended on Howe Street, Elizabeth Street and Paradis Drive.

Our Screens have been cleaned at the ponds regularly and our ponds treated to stop the growth of algae. We have sent samples of our water regularly to the State Board of Health and all reports indicate the usual high quality of our water.

I wish to express my appreciation to our Mayor, Public Works Committee and our City Council for their help and understanding and to the employees of the Department for their loyalty and assistance in helping us. Together, we are advancing the objective of making our City a better place for ourselves, our children and for generations to come.

Respectfully submitted,

GEORGE C. NADEAU,  
Commissioner.

# REPORT OF CHIEF OF POLICE

*To the Honorable Mayor and City Council of the City of Rochester:*

Gentlemen:

I have the honor to submit for your consideration the following report of the Rochester Police Department.

Total Criminal Arrests .....	223
Total Motor Vehicle Arrests .....	266

489

These cases were disposed of in the following manner:

Brought before the court and sentenced .....	349
Released to other departments .....	7
Dismissed .....	6
Found not guilty .....	8
Released after safekeeping .....	111
Bound over for Superior Court .....	8

489

The amounts received from fines and fees may be found in the annual report which is submitted by the Clerk of the Municipal Court.

Below is a list of the monies turned over to the City Clerk:

Street Meters .....	\$14,793.99
No. Main Street Parking Lot .....	1,510.80
Congress Street Parking Lot .....	411.87
Parking Fines .....	1,365.00
Beano Permits .....	580.00

\$18,661.66

Following are the activities of our Department:

Doors Found Unlocked .....	394
Traffic Investigations .....	185
Accidents Reported to Station .....	390
Fatalities .....	1
Motor Vehicle Arrests .....	266
Criminal Arrests .....	112
Warnings Given .....	125
Complaints Answered .....	1,789
Aids to Other Departments .....	463
Lodgers .....	267

Special Officer Assignments .....	4

Breaking, Entering and Larceny .....	23
Auto Thefts .....	3
Suicides .....	1

During 1958, our department adopted and organized an Auxiliary Police Department.

The Auxiliary is beneficial in many ways. It gives the department valuable assistance in handling traffic on Sunday morning at the various churches throughout the City and they aid the regular officers in many phases of Police work other than traffic. Halloween is a time when this department gets assistance from our Auxiliary. These men contribute a great deal to keep the Halloween damage at a minimum.

The City of Rochester is very grateful to the Auxiliary Police. This unit is composed of civic minded and generous citizens who are ready at all times to help our city and the regulars on the Police Department. They also remain alerted to go to the aid of the Civil Defense Authorities whenever they are needed. This maintains a twenty-man emergency unit within our City.

I would at this time, like to express my sincere appreciation to His Honor the Mayor, the Members of the City Council and the Police Commissioners for the very fine cooperation and assistance rendered to us during the past year. I also wish to extend my thanks to the members of the Police Department for their loyalty and devotion to duty, and to the other Municipal, County and State Departments for their interest and assistance in dealing with the problems of our organization during the year just ended.

In closing, the Rochester Police Department would like to extend its thanks to all the residents of Rochester, to the Press and Radio, and to all others who have worked with us during the past year. Such cooperation has aided us immensely in the performance of our duties.

Respectfully submitted,

ERNEST J. LEVESQUE,

Chief of Police.

# REPORT OF CITY SOLICITOR

---

*To the Mayor and City Council, City of Rochester:*

I hereby submit my report as City Solicitor for the year 1958.

All matters presented to the City Solicitor have been disposed of except for two cases still pending in the Strafford County Superior Court, to wit: the first case is a zoning matter, and the second is a claim against the City of Rochester for damages suffered when supports on a bridge on the Little Falls Road gave away.

I wish to thank the Honorable Mayor, Robert W. Watson, and the members of the City Council, as well as all the department heads with whom I have worked almost daily, for their cooperation during the past year.

Respectfully submitted,

ROBERT A. CARRIGAN,

City Solicitor.

# REPORT OF SUPERINTENDENT OF SCHOOLS

*To the Rochester School Board:*

I herewith submit my tenth annual report as Superintendent of Schools in Rochester.

The report includes financial statements and statistical summaries taken from the permanent records of the School Department, along with several tabulations concerning personnel.

The narrative part of the report provides supplementary information on the above items and explains briefly certain problems that confront our local public schools.

## TEACHER CHANGES AND SALARIES

Teacher changes in Rochester during the calendar year 1958 included replacements for ten high school and eight elementary teachers. The total teaching staff was increased by three members at the beginning of the school year in September 1958 with two additional teachers at Spaulding High School and one at the Allen School. The above number of changes does not include those teachers who were transferred from one position to another within the city.

The number of teacher replacements in the Rochester Schools during the last year compared favorably with the State average. During the school year 1958-59 a total of 899 replacements and new teachers were employed in the school districts of New Hampshire. This annual turnover of 20% makes the teacher market a highly competitive business.

The most common reason stated in teacher resignations is professional advancement. Higher salaries is usually the chief incentive. This motive is less apparent among those teachers who own property or have family ties in the community. The accumulation of retirement benefits, based on years of service, has become an important factor in retaining experienced teachers in New Hampshire. Only ten years of such experience can be transferred with credit to another state.

The salaries of all teachers in the Rochester Schools for the school year 1958-59 are listed in Table I herewith. The average gross wage for an elementary teacher in Rochester amounts to \$4,041. The average wage for a high school teacher amounts to \$4,279. If payment for extra-curricula activities is included the average for high school teachers in Rochester would amount to \$4,366. The comparative gross wages for the thirteen city school districts of New Hampshire amount to \$4,413, \$4,668 and \$4,775 respectively for the above listed categories.

### ENROLLMENTS AND CLASSROOM NEEDS

The total enrollment in the Rochester Public Schools amounted to 2,268 pupils on December 1, 1958. This number shows an increase of 94 pupils over the November 1957 total enrollment. Between the above dates the enrollment in Grades 1-6 was increased by 59 children and by 54 pupils in Grades 7 and 8. The total enrollment in Grades 9-12 had decreased 19 pupils during this same period. A significant increase in the school population of Rochester started in 1949. In less than 10 years the total enrollment has increased 44%.

The graduating class in June 1959 will include about 105 pupils. It is expected that more than twice this number of resident pupils will enter Grade 9 at the beginning of the next school year in September.

The normal capacity of the Spaulding High School building is 950 pupils according to the architect's statement.

A study of Table II, showing the enrollments by schools and grades, indicates clearly the need for additional classroom space at both the high and elementary school levels. The enrollment in Grade 9 always exceeds the enrollment in Grade 8 of the previous year due to pupils entering this grade from the private schools and neighboring school districts that do not maintain high schools. The number of such non-resident pupils is shown in Table III.

At the present time the excessive number of pupils in certain classes in Grades 7 and 8 interferes with instruction.

At the present time a joint committee, consisting of six members of the School Board and an equal number of Councilmen, is at work studying various plans for providing additional school facilities.

It is estimated that five additional classrooms will be needed at Spaulding High School next year and at least two in the lower grades.

\*\* Includes mileage extensions in addition to basic contract.

In order to provide transportation for all pupils in the public and private schools of Rochester in Grades 1-3 residing more than one mile from school and for pupils in Grades 4-8 and in Grades 9-12 under 16 years of age two additional school buses have been provided during the year. Route 8 was established in September and Route 9 in December 1958. Both these routes provided new sixty-passenger buses.

The contracts on Routes 1, 2, 3, 4, and 6 expire in June 1959.

JANITORS, DECEMBER 31, 1958—TABLE VII

Name of School	Name of Janitor	No. Weeks Employed	Pay Per Week
Spaulding High School	Winfield G. Fernald, head janitor	52	\$80.00
	Bernard Hunt	52	59.40
	Raymond C. Page	52	59.40
	Granville M. Rogers	52	61.90
	Raymond J. Seavey	52	59.40
	Ernest L. Winkley	52	59.40
Allen	Claudis E. Edgerly	52	60.78
East Rochester	Herman A. Thompson	52	60.78
Gonic	Lionel J. Theberge	52	60.78
Maple Street	Donald T. Sylvain	52	60.78
McClelland	Robert Quint	52	60.78
School Street	LeRoy Woodworth	52	60.78

The above wages do not include payment for special janitor service when required on holidays or in addition to the regular schedule.

All janitors receive two weeks' vacation with pay. The work on holidays, week-ends, and for other special purposes involving extra pay at Spaulding High School is assigned to these janitors on a rotating schedule.

The janitors in the six elementary schools do not work during the week of the Fourth of July. This arrangement offsets the work on holidays during the winter months when the heating systems are in operation.

### REPAIRS AND REPLACEMENTS

Significant improvements were made in the maintenance of schools during the last year with the completion of the following important repairs and replacements:

1. The exterior of the Spaulding High School building was painted last summer, including the window sash and ventilator grills, with two coats of paint on the towers. The interior walls, along the corridors, on both floors were redecorated with fresh paint including the stairwells and hallway entrances.
2. A new oil burning heating plant was installed at the School St. School.
3. The hallway walls and ceilings at the Allen School were redecorated with fresh paint.
4. Fire alarm warning systems have been extended in four of the elementary school buildings.
5. The curbstones and sidewalks have been repaired in front of the High School.

6. A permanent partition has been built to provide two regular sized classrooms at Spaulding High School.

7. Central supply closets have been constructed in three of the elementary school buildings.

8. A limited number of obsolete typewriters and sewing machines have been replaced with new machines. Other machines, including duplicators and office equipment, have been overhauled. Some new equipment for visual education has been purchased for all the schools. Furniture to seat study hall classes in the Music Room has been purchased.

9. Wardrobes have been installed to replace the cloak racks that obstructed the hallways at the School St. School.

10. The doors at the School Street and Gonic Schools have been rehung so that they swing outward from the classrooms into the hallways.

### SCHOOL COSTS

The school tax rate per \$1000 of assessed valuation in Rochester amounted to \$29.47 and comprised 50.82% of the total property tax in 1958. The median tax rate for school purposes in all the districts of New Hampshire was \$32.94 per \$1000 and the median percentage of the total property tax for schools was 60.92% for this same period. The median per capita cost for current expenses for the school year ending in June 1957, the latest statistics available, amounted to \$246.56 for elementary and \$360.98 for high school pupils in New Hampshire. The per capita cost in Rochester for that year amounted to \$207.77 for elementary and \$287.30 for high school pupils. Only one other city in New Hampshire had a lower per capita cost for either elementary or high school pupils. No other New Hampshire city had a lower per capita cost than Rochester for both elementary and high school pupils.

Comparative tax rates are not the best indication of actual costs due to variation in taxable wealth per pupil among the several school districts of New Hampshire. The question of what the taxpayer gets for his money is the most important question.

The increasing school population, the demand for additional facilities in the schools and the decreasing purchasing power of the dollar necessitates many compromises and concessions in order to reconcile demands, actual needs, and what the city can afford or is willing to pay. The lack of state aid or some other significant source of revenue for the maintenance and operation of schools in the city districts of New Hampshire places too much burden on the local real estate tax rate.

## CURRICULUM AND GUIDANCE

A review of the curriculum is constantly underway in the schools. The following recommended changes in the Program of Studies at Spaulding High School are submitted for further consideration by the Board:

1. The provision for teaching Stenography in Grades 11 and 12 rather than in Grades 10 and 11.
2. The requirement of one course of Mathematics for all pupils in Grade 9.
3. The elimination of the requirement for Physical Education beyond Grade 10.
4. The maintenance of one division in Applied Physics in Grade 11 in addition to the classes in Physics for college preparatory pupils.
5. The establishment of remedial reading classes.
6. The establishment of non-graded opportunity classes for slow learners.

The advisability of continuing Vocational Agriculture at Spaulding High School for the limited number of resident

pupils enrolled in this course is questioned. The value of the course is unquestioned if a sufficient number of pupils enroll. The State of New Hampshire established an area vocational school in Dover several years ago to meet the needs of limited enrollments in certain courses in neighboring districts. Vocational Agriculture is one of the approved courses in this program. At the present time the tuition fees and transportation costs are paid by the State of New Hampshire.

The testing program in the schools for Grades 1-12 provides valuable information for the Guidance teachers and others. The needs of individual pupils and groups are evaluated. Achievement tests are administered to all pupils in Grades 1-8 at the close of the school year. Intelligence tests are administered in Grades 4 and 6. A complete guidance battery is given in Grade 9. A testing program, sponsored by the State Board of Education, is completed in Grade 10. Midyear tests in general educational development in nine subjects are scheduled for Grades 11 and 12 at the close of the first semester.

The achievement tests, administered to pupils in Grades 1-8 at the close of the last school year, were consistently good. Grades 1, 2, 3, 4, 5, 6 and 8 exceeded the national norms in all subjects tested. Grade 7 fell slightly below the national norm in one subject but exceeded the standards in other subjects with an average in all subjects well above the median.

### HOLIDAYS AND SPECIAL EVENTS

Sept. 8	Teachers' Meetings
Sept. 21	Children's Day, Fair
Oct. 12	Columbus Day
Oct. 15-16	Teachers' Convention
Nov. 11	Veteran's Day
Nov. 26-27	Thanksgiving Recess
Dec. 21-Dec. 25	Christmas Vacation
Jan. 1	New Year's Day
Feb. 22-Feb. 26	Winter Vacation
April 15	Good Friday
April 25-April 29	Spring Vacation
May 30	Memorial Day

School must be in session 180 days. Any increase or decrease in the three days included above for closing schools because of poor weather will determine the final date for closing the school year in June 1960.

No shortened sessions will be permitted except on November 25 and for emergencies.

### NO SCHOOL SIGNAL

Twenty-two upon the central fire alarm will be the signal

for no schools. When sounded at 7:05 A.M. and 7:45 A.M. all schools will be closed for the day. The same signal will be sounded by the Fire Station at East Rochester and by the Gonic Manufacturing Co. Notification will also be broadcast from stations WWNH and WTSN.

If sessions are shortened during the day the same signal of twenty-two on the fire alarms will be sounded and the time for such emergency dismissals announced by the radio stations. Signals for sending pupils home early may be expected at 11:15 A.M. but may be sounded at anytime during the school day pending the type of emergency and civilian defense orders or regulations.

### CONCLUSION

I wish to thank the School Board, City Officials, School Principals, Teachers, and other employees of the School Department for their help in operating the schools. The cooperation of parents, citizens, and various organizations is also appreciated.

Respectfully submitted,

JOHN H. FRYE,

Superintendent of Schools
